Finance Council

Parishioners share a responsibility to operate a financially sound parish. The Finance Council is responsible for planning and budgeting to address the financial needs of the parish; for auditing and reporting (under Canon Law) the economic condition of the parish; and for advising the pastor on economic matters. Members with skills in finance, law, and administration are appointed to the Council by the pastor. Suggestions and ideas for ensuring the parish's financial stability should be presented to both the Parish Pastoral Council and the Finance Council. In addition, the Council continues to identify ways to increase weekly contributions.

Parish Life
